

Sweet ice creams

If you go to a fairy party in the summer,
you will find all flavors of ice creams.

14

15

Do you like ice creams?
You can draw them in three steps.

Here we show you six different types, but there are
many more fairies' specialities: Mandarin, walnut,
cream and honey, melon, cinnamon meringue...

Butterflies in colours

Fairies change size when they need to.
Sometimes, they are as small as butterflies.

38

Then they blend in with them.
You have to be very attentive!

The Flower Fairy

1

We start with three geometrical shapes.

2

The blouse, skirt and sleeves are triangular.

3

Now we outline the hair, the neck, the arms and the hands.

4

We add the legs and feet.

We give the arms and legs volume.

5

And the wings.

6

We finish the details and paint her.

7

If you would like to find this fairy, look for her among the flowers.
