

You've arrived!

Yesterday you came home. Mum and dad had already prepared your room and everything you are going to need: Your little clothes, your cot...

What fun it is to have a little baby!

How tiny!

We all asked ourselves what you would be like... In fact, you are lovely. I've never seen such tiny little eyes, mouth, nose and ears... The whole family is very happy that you are with us now.

We're going to love you very much!

# You're always sleeping...

At first, you'll spend most of the day sleeping...  
...but every body says that while you sleep,  
you're growing!

Everything will be new for you and for us too...
