

I believe my mother will greet me  
with a loving hug.  
I color my morning pink  
to show her my true love.

I believe in prayer,  
folded hands quiet mind.  
I color my page with golden light,  
answers come every time.

I believe in spirit,  
a light that leads the way.  
I color my thoughts with a yellow sun,  
to illuminate my day.
