

# Colored fish

*In three steps, you can draw a fish.*

Here are six models.

They are all very good friends of Fairy Maisa,  
who is an excellent swimmer.

# Fairy Cascabel

Two simple shapes.

1

We outline the neck and the hair.

2

We improve the hair and draw the sleeves of the dress.

3

4

We mark the place where the hands, legs and feet will go.

5

We draw the ears and add volume to the legs.

6

We draw the wings.

7

We finish the detail and paint her!

Fairy Cascabel is very knowledgeable of all the stars and the sky.

She is an excessive dreamer, takes flight easily and her feet hardly ever touch the ground.

A

Look at fairy faces A and B.  
What is the difference between them?  
The distance between the eyes can alter the expression.

B

# Drawing faces

What is the difference between face 1 and face 2?  
And between faces 2 and 3?  
And between faces 1 and 3?

3

Look!  
Now only the nose is different!  
The hairstyles of these three heads are different.

Now it's your turn!

Draw a fairy and discover what happens if you make some changes.
