

Family facts

Did you know there are many different kinds of families?
Today in the school we talked about our families...

...and we saw all of them
are different, but at the
same time, they are alike
because all of them take
care of us and love us...
even if sometimes they
get mad at us because
we misbehave!

After that, we made
drawings of our families,
but they all looked
different because we are
all different too.
One of the kids in the class
even drew a picture of ...
AN ELEPHANT FAMILY!

Good drawings!

These are the drawings we made, but there could be a lot more, because every child in the world has a different family. And what about you? Would you like to make a drawing of your own family?

The family, from youngest to oldest

A family reunion

The family, from youngest to oldest

Martha is an only child but her family is very large, with parents, grandparents, uncles and aunts, cousins ... Some of them, however, live far away and Martha only gets to see them on a very special occasion, like when she has a birthday party.

6

Martha's dad spends little time at home because he has to travel a lot. When he has to leave, she is a little sad but she knows he will come back in a few days. Do your parents also have to travel on business?
