

Small round animals

MATERIAL

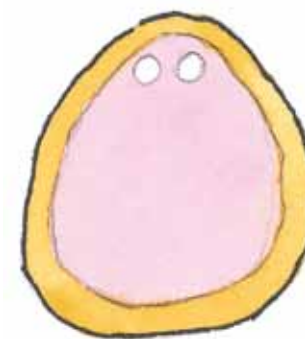

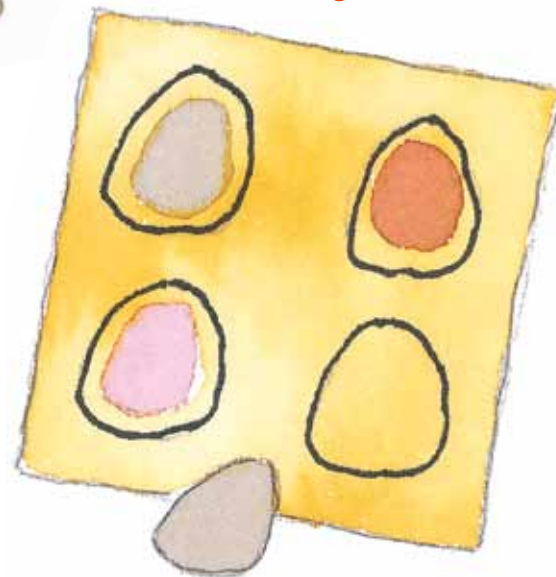

- Cream card
- Different colored paper
- Thin and thick black felt tipped pens
- Black pencil
- Corrector pen
- Scissors
- Glue

1 Draw some oval shapes on the card with the thick pen.

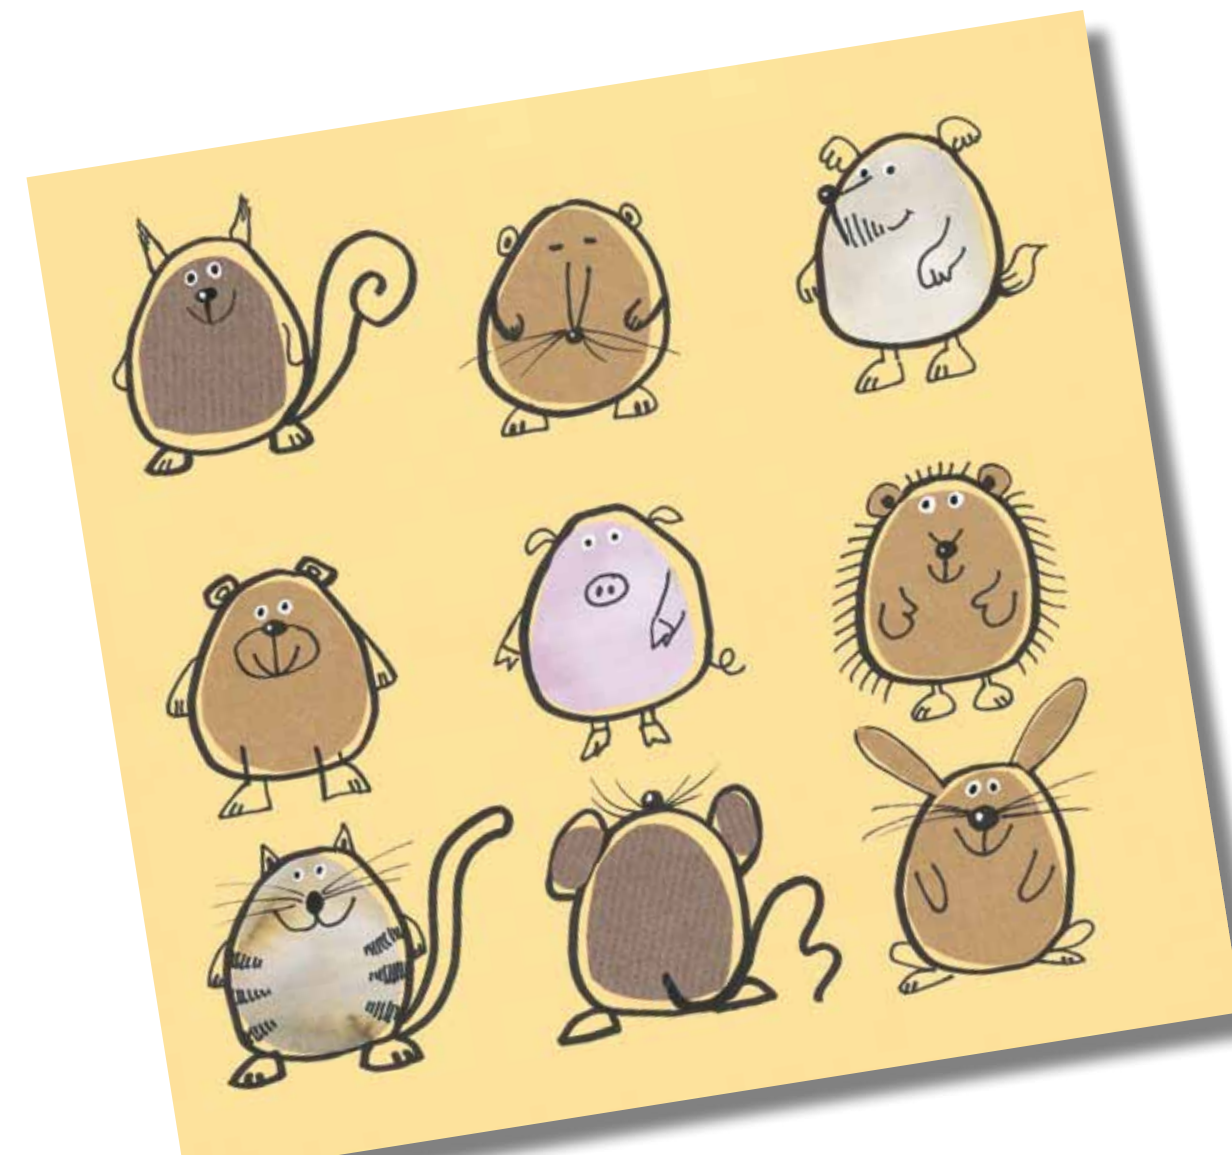

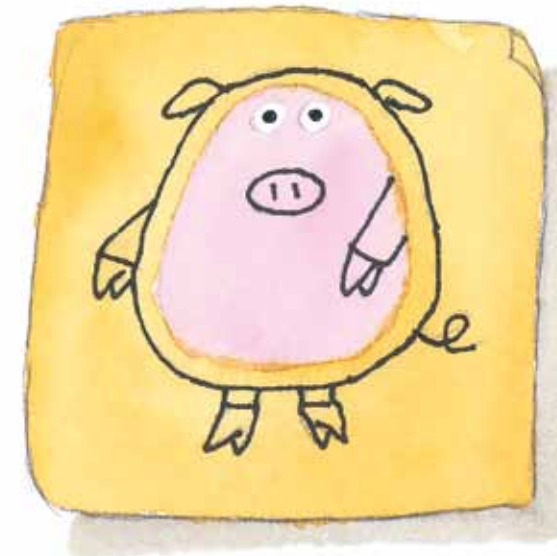

2 Draw some oval shapes smaller than the previous ones on the different colored paper and cut them out.

3 Glue the colored paper inside the shapes you have made on the card.

4 Draw some eyes on each figure with the corrector pen.

5 With a thin black pen, you can draw the ears, noses, legs, tails... and also the eye pupils inside the white patch, when it is dry.

See how many animals you can make with this technique!

The beauty of flowers

If you want the flowers to look identical, you can cut them out at the same time.

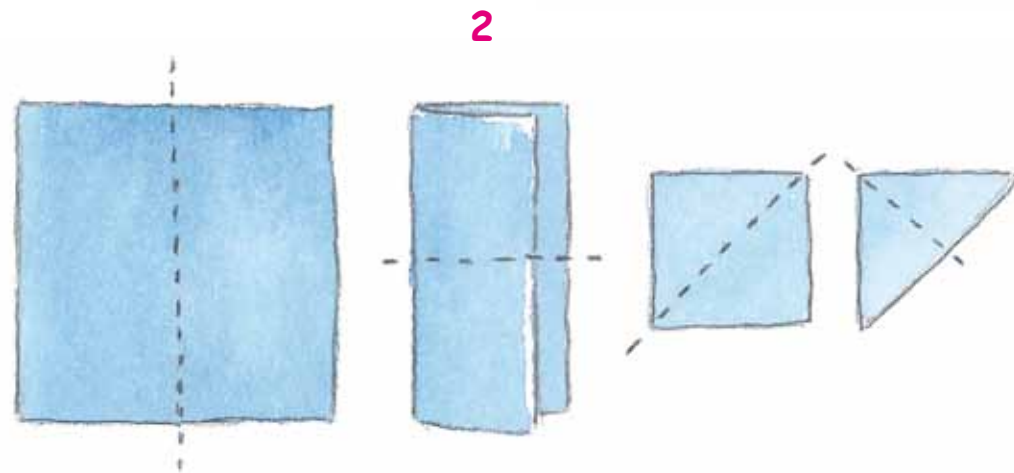

MATERIAL

- Blue, yellow and red glossy paper
- Green wrapping paper
- Some card
- Green felt tipped pen
- Black pen
- Glue
- Scissors

1 Cut out two squares of glossy paper. The blue should be larger than the yellow.

2 Fold the squares four times, as shown in the drawing. The resulting shape is a triangle.

3 Draw a petal on the blue triangle and another on the yellow one. Cut them out.

4 Now you have two flowers: First glue the blue one on the card and then glue the yellow one on top.

5 Cut out a red circle and glue it in the middle. Draw the stalk with the green pen, cut out two leaves and glue them on each side of the stalk.

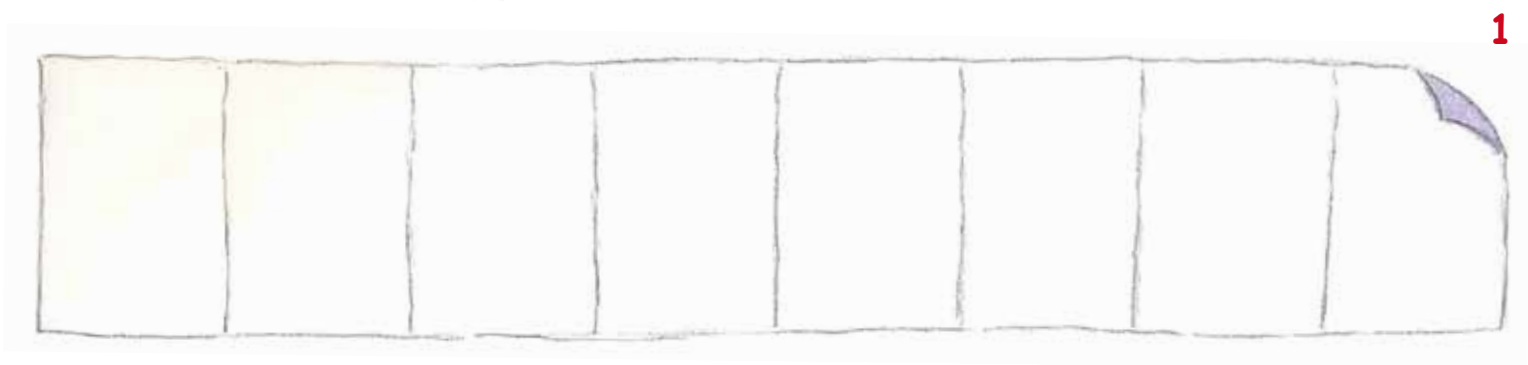

If you make more flowers from different colors, you will have a real garden!

Garlands are very pretty and very easy to make.

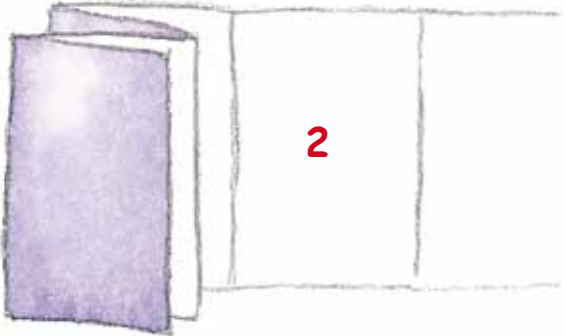

Decorate your bedroom

- MATERIAL**
- Different colored glossy paper
 - Black pencil
 - Glue
 - Scissors
 - Ruler

1 Cut a strip of glossy paper 27 cm long. On the back, draw some vertical lines every 3 cm.

2 Fold the strip of paper along the lines, like an accordion.

2

3 Draw a fun shape on it and cut it out, being careful not to cut the edges.

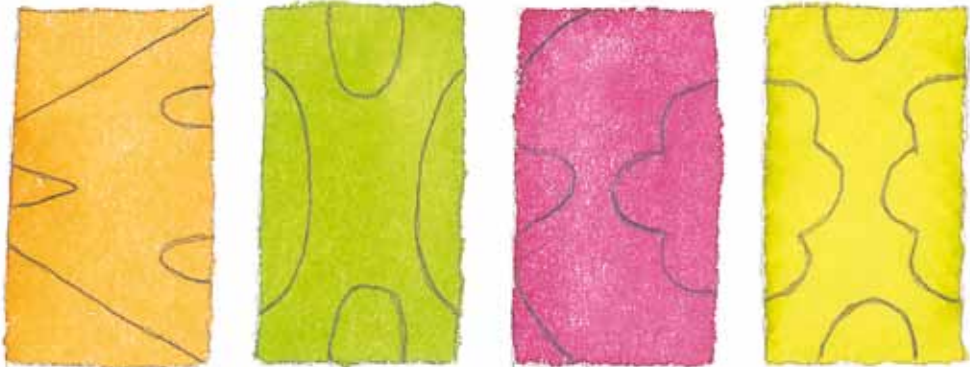

3

4

4 Unfold it slowly, and your first garland is ready!

5 You can draw different designs each time.

5

If you glue one strip after the other, you can decorate your whole bedroom!
