

Mommy and Daddy saw me for the very first time when they did an ultrasound —like an x-ray— of Mommy's belly!

I was so scared the day I had my first bath!
It was so strange to be naked in the water,
but since it was so toasty warm I realized I really liked it!

After the fruit came other new flavors.
It was so much fun to eat with a spoon!
Mmmmmmm... Everything was a new adventure!
Sometimes I made raspberries
with my mouth full:
"Don't do that" Mommy said
with a smile on her face.
